

## Our international policy

Thanks to its ambitious international policy, the UPMF is the n°1 university in Grenoble for welcoming students and also sending students abroad as part of international programs (and n°2 in France!) :

- 3000 students welcomed every year,
- over 650 exchange programs,
- partnerships with universities all over the world.

## Figures and results

Where do our students come from? What do they study in Grenoble? What are the subjects proposed through our international agreements?

- > [View the exchange map](#)
- > [Figures and key actions](#)

## International students

The UPMF proposes all subjects in the field of social sciences and so offers classes adapted to your project, either as part of an university exchange or to validate a degree.

## Welcoming researchers

Grenoble is well known for its dynamic research activity. The UPMF offers opportunities to international researchers at all levels: doctorate, post-doctorate and integration of university lecturer-researchers.
